\* Price includes installation along the side rails of an inline booth. Other locations will require additional labor and material charges.

\*\* May require additional labor and/or lift charges. Please contact our office to determine all applicable charges.

\*\*\*Requires a hard wall surface for installation.

Extension cords and power strips are available for rent at the Show Service Desk.

Outlet prices for 120 Volt power include delivery of the service to one location at the rear of the booth in peninsula and in-line booths. All islands will require labor. If you require outlets in other locations, have lights or electrical items to hang or erect, or have other electrical requirements please see the Electrical Labor order form for rates and instructions.

<b>Straight Time (per hour).....</b>	<b>\$ 124.50      \$ 161.90</b>
Monday - Friday, 8:00 am - 4:30 pm (Excluding Holidays)	

<b>Overtime (per hour).....</b>	<b>\$ 249.00      \$ 323.70</b>
Monday - Friday, 4:30 pm - 8:00 am All day Saturday, Sunday and Holidays	

**ADDITIONAL INFORMATION**

- To honor discount prices we must receive your order with full payment prior to the deadline date along with a floor plan indicating the main power location and distribution points, if applicable. (see below)
- A scaled floor plan is required for orders with multiple outlet locations and/or island booths. Detailed examples are provided on reverse. If a power location in an island booth is not provided prior to show move-in, a location will be determined by Freeman in order to maintain delivery schedules. Relocation of the service will be charged on a time and material basis.
- Electricity is turned on 30 minutes prior to show opening and turned off 30 minutes after show closes on show days. Power will be turned off immediately after final show closing. If you require power outside actual show hours, special arrangements should be made in advance. Additional charges may apply.
- If an uninterrupted power supply is required for the full duration of the show, please order 24 hour power.
- If a dedicated circuit is required, please order 2000 watts/20 amps.
- Separate outlets should be ordered for each piece of equipment and/or each power location.
- A 50% refund will be applied to electrical services cancelled after installation. Refunds will not be issued for materials and/or labor charges related to the installation.

## ELECTRICAL INSTRUCTIONS & CONDITIONS

### HOW TO DETERMINE ELECTRICAL REQUIREMENTS

#### For Equipment

All electrical equipment is stamped or labeled with electrical ratings usually found on the back or bottom of the equipment. Verify voltage and either amperage or wattage from the information provided. Standard office and household items operate on 110/120 volt power. Machinery and equipment typically require 208 or 480 volt power.

#### For Lighting

Verify the wattage of the bulbs in the lights and multiply by the number of bulbs/lights.

### LOCATION OF POWER IN YOUR BOOTH

#### In-Line and Peninsula Booths

Power will be installed in one location, typically on the floor somewhere along the back of the booth, as indicated in the following diagrams: (We cannot guarantee that the outlet will be specifically located in the middle.)

IN-LINE BOOTHS / PENINSULA

BACK TO BACK PENINSULA

If power is required in locations other than indicated above, secondary distribution will be required and billed on a time and material basis. Please complete and submit an Electrical Labor Order Form with your power order, along with a floor plan as described below.

#### Island Booths/Multiple Outlets

Floor plans are always required for Island Booths and orders for multiple outlet locations. Floor plans must indicate the location of the main power drop and any secondary distribution if applicable. See examples below: A grid is available at [freemanco.com](http://freemanco.com) to print as a base layout.

Island Booth with one outlet

Aisle or booth numbers are very important to help determine booth orientation.

10 X 20 Booth with multiple outlets  
Labor Required

Please indicate power by amperage or wattage, as shown, rather than X.

If power location in an island booth is not provided prior to show move-in, a location will be determined by Freeman in order to maintain delivery schedules. Relocation of the service will be charged on a time and material basis.

### OTHER:

1. Electrical Services provided to Island booths require labor and material for distribution. Please see the Electrical Labor form for a detail of labor rules and regulations..
2. All material and equipment provided by Freeman is for rental purposes only and remains the property of Freeman . All equipment will be removed at the close of the show.
3. All equipment regardless of power source, must comply with Federal, State and local codes. Freeman reserves the right to inspect all electrical devices and connections to ensure compliance with all codes. Freeman is required to refuse connections where the exhibitor wiring is not in accordance with local electrical code.
4. Standard wall and other permanent building utility outlets or sockets are not part of booth space and may not be used by exhibitors unless electrical services have been ordered.
5. Exhibitors' cords must be a minimum of 14 gauge 3 wire with ground and must be flat when used for floorwork. All multi-outlet devices (eg - power strips) must have circuit protection. All exposed non-current carrying metal parts of fixed equipment, which are liable to be energized, shall be grounded.
6. Exhibitors' equipment will be modified to conform to Freeman receptacles. Labor to install or change a cord cap will be billed on a time and material basis.
7. Exhibitors with hardwall displays must arrange for power to be installed inside the booth or provide access.
8. Power sharing is not permitted between exhibitors.
9. Labor rates are based on current wage scales and are subject to change in the event of a wage increase after rates have been published.
10. Claims will not be considered, or adjustments made unless filed in writing, by Exhibitor, prior to the close of the event.
11. Freeman is not responsible for any damage or loss caused by the loss of power beyond its control and Exhibitor agrees to hold Freeman, its officers, directors, employees and agents harmless from such power loss. IN NO EVENT SHALL FREEMAN BE LIABLE FOR ANY INDIRECT OR CONSEQUENTIAL DAMAGES (INCLUDING WITHOUT LIMITATION LOST PROFITS) EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, WHETHER UNDER THEORY OF CONTRACT, TORT (INCLUDING NEGLIGENCE), PRODUCTS LIABILITY OR OTHERWISE. Exhibitor shall indemnify and hold harmless Freeman, its officers, directors, employees, and agents from and against any and all claims, liabilities, damages, fines, penalties or costs of whatsoever nature (including reasonable attorneys' fees) arising out of or in any way connected with Exhibitor's actions or omissions under this Agreement.
